Subject(s): MAC OS X LEOPARD EDITION

Interest Level: X_Business _all ages X_adult X_college X_High sch
Other X__anyone interested

Description of book: [Just the best OS X manual](#)

Strengths: [Well organized, tremendous quantity of very useful tips.](#)

Weakness & Limitations: [None I could find.](#)

Comments: [If there anything about Mac OS X you wanted to know, this is where to find it. Do you want to know; where to find it; how to do it; what is the shortcut, this is where to find it.](#)

[I liked the manual very much even though I try not to read them. I generally just use them to look up answers to specific questions. I found answers to questions I didn't know I had like how can I really take advantage of spotlight and does Spaces make life easier?](#)

Ratings:  How many pretzels out of 5.....

*****Excellent ****good ***average **weak/acceptable *poor

Format or size of book:  Too big but necessary

Ease of use:(reading)
